The National Border Patrol Council (NBPC) revealed to Breitbart Texas that the San Diego Sector of the U.S. Border Patrol is making plans to receive, process, and then release 500 illegal aliens into the U.S. per week

who were shipped in from Texas, specifically from the Rio Grande Valley Border Patrol Sector.

The specifics of how the illegal aliens are transported is unclear at this time, however, recently some have been flown (<http://www.breitbart.com/Breitbart-Texas/2014/05/09/Border-Patrol-Flies-100-Immigrants-to-El-Paso-for-Processing-Due-to-Overwhelming-Influx>) at the tax-payers expense and some have been transported on buses (<http://www.breitbart.com/Breitbart-Texas/2014/05/29/Released-Illegal-Aliens-Flood-Bus-Station-Head-To-Cities-Across-US>).

“The Murrieta Border Patrol Station of the San Diego Sector is not equipped to handle that type of influx of illegal aliens, both in terms of manpower and infrastructure,” said Shawn Moran, Vice President of the NBPC, in an exclusive interview with Breitbart Texas. The station is generally utilized as Border Patrol station, not a processing center.

“Once processed, the illegal aliens will be given a court date and paperwork telling them when to report back,” said Moran. He acknowledged that most never do. Moran elaborated, “They will be released into a city that has no services to assist them, no shelters for them, or even a bus station.”

Moran told Breitbart Texas, “According to information we have received, no one in the Border Patrol is even going to notify the City of Murrieta about this plan or the influx of

And the administration supports and approves of this invasion. . Obama said he would transform this country and he is doing that, to the detriment of the citizens who live here. Before we consider impeachment, the House needs to censure him for every unlawful act he has committed. Then lets elect a Republican majority to the Senate, while increasing Republican representation in the House. Then we need a Joint Senate-House Committee investigating this administration with possible impeachment proceedings to follow.

All Americans who love their country need to unite against this lawlessness. Minorities are affected by illegals to a greater degree than the majority. It's time we build a coalition against this invasion that reduces jobs, wages, and will eventually bankrupt the nation.

See sites.google.com/site/classFed... and notice that this huge receipt of (illegal) foreign aid to illegals is just a loan due and payable by Obama, his illegals and their country of origin. They owe American citizens \$ trillions!

They aren't Mexicans. They are from countries other than Mexico.

Really? No Mexicans? Even if that were the case who cares. They need to come here legally and be shipped out if they commit crime. Why even write the laws if no administration in the last quarter century have enforced them?
