

OBAMA BYPASSES CONGRESS, GIVES \$1.5 BILLION TO MUSLIM BROTHERHOOD

[VIEW DISCUSSION](#)

During a trip through Colorado in December of last year, President Obama spoke of his intention to implement his economic policies with or without the approval of Congress. [Said Obama](#)

[\(http://www.theblaze.com/stories/obama-again-says-administration-will-have-to-circumvent-congress/\)](http://www.theblaze.com/stories/obama-again-says-administration-will-have-to-circumvent-congress/), “And where Congress is not willing to act, we’re going to go ahead and do it ourselves.” It now appears that such a mindset applies not only to economic matters but to the distribution of foreign aid as well--in particular, foreign military aid for the Muslim Brotherhood, who now hold the reigns in Egypt.

Congress has restricted and, in fact, halted military aid to Egypt [\(http://www.washingtonpost.com/world/national-security/us-funding-for-egyptian-military-to-resume-senior-administration-officials-say/2012/03/16/gIQAoMTeGS_story.html?tid=sm_twitter_washingtonpost\)](http://www.washingtonpost.com/world/national-security/us-funding-for-egyptian-military-to-resume-senior-administration-officials-say/2012/03/16/gIQAoMTeGS_story.html?tid=sm_twitter_washingtonpost) until and “unless the State Department certifies that Egypt is making progress on basic freedoms and human rights.” After all, Christians and other practitioners of non-Islamic religions have had a tough go of it there. And of course, many Egyptian officials harbor such hatred toward the U.S. that one of the candidates for the Egyptian presidency has openly referred to America [\(http://www.memritv.org/clip/en/3372.htm\)](http://www.memritv.org/clip/en/3372.htm) as the “infidel country” in media interviews.

Nevertheless, the news breaking now is that Secretary of State Hillary Clinton will soon announce that President Obama will “resume [\(http://www.washingtonpost.com/world/national-security/us-funding-for-egyptian-military-to-resume-senior-administration-officials-say/2012/03/16/gIQAoMTeGS_story.html?tid=sm_twitter_washingtonpost\)](http://www.washingtonpost.com/world/national-security/us-funding-for-egyptian-military-to-resume-senior-administration-officials-say/2012/03/16/gIQAoMTeGS_story.html?tid=sm_twitter_washingtonpost) funding for Egypt’s military, despite Congressional restrictions and objections from human rights and democracy advocates.”

Even Sen. Patrick J. Leahy (D-VT), a man with whom I’ve never agreed on anything, sees the foolishness of this endeavor: “I believe [sending the aid] would be a mistake. The new [restrictions were] intended to put the United States squarely on the side of the Egyptian people who seek a civilian government that respects fundamental freedoms and the rule of law, and to clearly define the terms of our future relations with the Egyptian military.”

Who knows; perhaps the Obama administration can also circumvent Congress and give the Iranians some nuclear materials or give Hamas some advanced weaponry? I know both ideas sound crazy, but they’re no crazier than giving \$1.5 billion in military aid to the Muslim Brotherhood.

When you have a dictator, Congress is not really needed.

I mean really, what good are they when everything they do is overridden or ignored by the appointed one, the dictator in chief?

There has to be evidence, but yes they do have the Power:

Congress has the power to create or legislate federal laws in the United States, to confirm Supreme Court Justices and Cabinet members and to impeach the President of the United States if evidence exists to show the President committed high crimes and misdemeanors.

That's a retarded idea, because it just really doesn't matter who anyone votes for anymore. As long as the corruption still exists in the rest of the government then there won't really be anything that any president can do about it. So what really needs to be done is to throw all of the corrupt government officials into prison where they belong, and put a bunch of good people to work in the government.

Makes no sense! I just WISH ppl were more educated and able to see the harm he has done and will continue to do to OUR great country! I don't care what color, religion, or party you support, a president is to protect and defend OUR country, along with all who live here LEGALLY and most importantly in this day and age protect ALL who defend it! Sadly, the same could be said about you democrats; however, the fact of the matter is that we don't need articles to tell us anything. All you have to do is walk out your front door, open your eyes, and see. Let's use the DNC as a prime example of how tainted this administration is. The delegates were voting on whether to include Jerusalem and God in the democratic platform. The "No's" clearly had the vote, but they had to get Jerusalem and God back on there to capture more votes. So, "the aye's have it". It just amazes me that there is still anyone on this planet who believes his blatant bulls**t. Now they want to hand out ANOTHER stimulus?! Seriously? The American dollar is already worth nothing. I think there is a very fine line of difference between either party..they are both nothing but self absorbed, selfish, lying, deceitful and arrogant pieces of crap. They need to replace both parties and have just one party called "Common Damn Sense"..and have more than 2 on the ballot to choose from. Our entire process in America is so stupid and the lengths either party goes through to prove their point is absurd and pointless. Americans need to literally ban together and march to Washington and throw these worthless bums on the street and start all over from scratch!!

If it was not for the Federal Reserve Act (1913)...causing America to be vulnerable to the Rothschild influence...the Balfour Agreement (1917) never would have been signed. As a result, WWI was won, due to America being manipulated into it. The eradication of the Palestinian people never would have begun...by UK and the Jews. 1948...done deal...it's now official stolen...now Israel. I don't even know what words would accurately describe my feelings about this president, but I do know that elections have consequences and unless the voters in America wake up, and I mean fast, he's here for 4 more years and you can kiss America good bye. Now it seems as though an increasing number of Americans have little problem with that. I can only attribute that phenomena to the public school brainwashing of the last three generations combined with the selectively tailored and insane immigration practices we've employed during that same time. Normal freedom loving people are now in the minority, and the brainwashed are the majority. Truth, common sense, wisdom, and humility are quickly becoming things of the past. That is very alarming since those are the only qualities that will save us at this point. I have believed for years that this is and has been a deliberate, patient, and well funded major plan. It is just now coming to fruition via this manchurian Barack Obama. I'd like to say that we can get our country back by doing the reverse of what the progressives did, i.e. get the next generation back by filling their heads with truth and patriotism, but I know in my heart that the time it would take considering that the lefties (unions etc) controll the public schools is something that we probably don't have even IF we get this madman out of the white house. Also, and you can call me crazy, but I think it's very possible that for the first time in American history we will NOT have a peacefull exchange of power if he does lose.

Obs isn't going to leave quietly you can bet on that...hate to say it but there will be violence and that is the time the oath takers need to remember what the gave an oath to, the constitution not an individual.

Read it. It's in the Bible. Scary as it may sound. At this point even election votes can be

changed. Throughout the paper because hanging chads. Bring in the new electronic voting machines, with two-way modems. A little hack here and hack there and Bingo! Obama's president not by a landslide but just enough to get in. Oh and let's not forget all the voter fraud. Where even the dead still have a right to vote. Fact is they did it right out in the open, and we let them. Can anyone say Baaaaaaa, Baaaaaaa. Now he's signed a HR 347 in secret which gives federal agents sweeping power to arrest and bring felony charges against citizens engaging in protests. Obama swore to uphold our constitution. But he just signed a bill taking away our right to freedom of speech. Go figure!

So true. The Muslims have given millions to our American colleges, and then to get the kids brainwashed earlier, they've also given millions to textbook companies like Houghton-Mifflin. Then they demand classes in Muslim studies & they change textbooks to say Jihad is just oppressed people fighting back, so our kids get slowly brainwashed from Kindergarten to college. The Muslims are very patient - took 3 years of training to fly planes into the World Trade Center, and they occupy cities worldwide & have lots of births to slowly increase their population.

The biggest threat though is our media! Our media (and Acorn & Soros) are what got him elected in the first place and could very well do so again! I don't know how to wake up these media idiots - even if a Muslim terrorist blew up their news station they'd probably say Oh that's OK, we don't hate you! See? We're not racist!

OMG, this is going too far, all of you calm down please. You have the right to disagree, and to vote. Have you read what the alternative to the Muslim Brotherhood would be? These remarks are vicious rants, full of anger. Exercise your right to vote and be a participate in campaigning. This is America, he is our President. I felt this much outrage when the Bush/Cheney team was in office. I plead with all of you to listen with an open heart. Maalog, it is your words that disturb me the most because we as Americans are better than that.
