House Speaker John Boehner (R-OH) called out President Obama for warning immigration enforcement officials against failing to comply with his executive amnesty.

"If somebody's working for ICE ... and they don't follow the policy, there's going to be consequences to it," Obama said Wednesday during an immigration town hall event in Miami co-hosted by MSNBC and Telemundo.

Thursday, Boehner Tweeted against Obama's aggressive talk about Immigration and Customs Enforcement agents, arguing Obama should be thanking them for their work.

Retweet if you believe President Obama should be thanking our #immigration enforcement officers, not threatening them.

Congress is currently debating a funding bill for the Department of Homeland Security. House Republicans have been attempting to use the DHS bill to block Obama's executive amnesty. Funding for the department expires at midnight on Friday.

ICE agents must ignore the unlawful directives from Barky. Obama and enforce the laws as established by Congress.

Capital police must do their duty and arrest Barky for treason.

Oblama hates our immigration enforcement officers. They stand in the way of his open borders/illegal voting block, aimed at destroying the nation he holds in such contempt.

"A nation can survive its fools and and even the ambitious but it cannot survive treason from within. An enemy at the gates is less formidable... The traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself... He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist." (Cicero)

Obama also hates the American Military, but not ISLAMIC Terrorists. He also hates and fears Republicans, Christians and Jews more than any of our traditional enemies. That is all you need to know about this pRESIDENT. We have two more years of hell under this man..Someone needs to step up and act like a man even if it is a woman...This cannot stand.

He's afraid of guns as well, and we need to give him a reason for that fear.

How about a few hundred thousand armed TEA Party people surrounding the whitehouse. That should do it. Either he surrenders, or we go in and get him, so we can put him on trial. If congress will not do their job to protect us, then we have no other choice.

Sadly, there are not enough informed Americans to understand the need for this.

i try to tell people all the time that now is not the time to ignore our govt, people in america cant understand the totalitarian mindset, neither until now have they ever had their freedoms attacked like this. the founding fathers understood the whole mindset and they had a front row seat for what can happen. TELL people what communism does, tell them to google guys like Stalin,lennin mao tao sung( u know the guy in china). Make them understand what these people do, especially AFTER youve been disarmed. after thy disarm the general public if you disagree with them u get a bullet to the back of the head!!! to the tune of 50
