Breitbart News has obtained an exclusive video of Attorney General Eric Holder flatly rejecting the idea of appointing a special counsel to investigate Benghazi.

Filmed on May 15 and provided to Breitbart News by [Special Operations Speaks](http://specialoperationsspeaks.com/) (<http://specialoperationsspeaks.com/>), the video shows Holder emerge from his car and walk towards the Rayburn House Office Building for hearings on the IRS scandal. Holder is clearly asked, "Mr. Holder, will you appoint a Special Counsel to investigate Benghazi?"

In equally clear tones, Holder answers, "No," and disappears into the building.

CONGRESS IS THE LEGISLATIVE BRANCH THAT IS CHARGED WITH UPHOLDING OUR CONSTITUTION AND MISUSE OF OFFICE BY THE OTHER TWO BRANCHES.

FORCE IT...CONGRESS...AMERICA IS WAITING FOR THE TRUTHS IN ALL THESE MATTERS!

IMPEACHMENT IS IN ORDER...FOR SO MANY THINGS...

Using the passive aggressive logic of the communists in charge these days one would have to ask the question.. "Why say no Mr. Holder if you have nothing to hide?"

Congress needs to grow a pair bigger than these anti-American criminals who think they're in charge.

This current GOP leadership?? HA! They didn't even have james cole at Holder's hearing. He's calling the shots over at the justice department. And where are the outraged conservative leaders? Nobody is angry over the administration's corruption and incompetence. John McCain gets on tv and basically puts himself and everyone else asleep

I am so sick of John McCain and his limp leadership style which produces no fruit.

And to think, McBlame was the best the GOP had to offer in 2008. Makes you sick, doesn't it? :)

I suppose you are speaking figuratively because I sadly worked for McCain's campaign and can tell you he has NEVER been a Democrat...a RINO perhaps and certainly an embarrassment but never a card carrying member of the Democratic party.
