# Homicides in Chicago: A list of every victim

This database lists names of every victim who was killed by another person within city limits. It is to be a comprehensive page compiled from information provided by disparate law enforcement and regional agencies that have a role with respect to Chicago homicides, [including gun violence](#). The page will be updated daily, initially with information from the Cook County Medical Examiner's Office and updated with additional reporting.

Click "filter" for information on deaths by community area, method, race, gender, age or time of year.

This page is maintained by a combination of journalists at the Sun-Times.

**There have been 172 homicides in Chicago in 2020.**
